FOREWORD

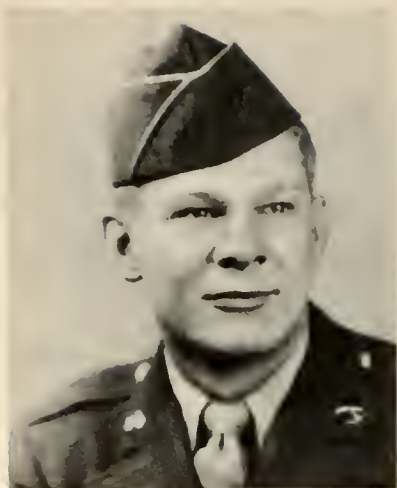

Today!!

In Editing this book we wish to honor those boys in the services of our country. In this way we hope to show, to a small degree, our appreciation for the services these boys are rendering to maintain our "American Way of Life."

Tomorrow!!

In looking forward to welcoming these boys whom we are honoring, we at home are striving to make this a better world for their return than it was at their departure.

THOMAS RICHARDSON

DEDICATED TO OUR TEACHERS

Leaving School

"Goodbye," we say as the curtains
On friendship in silence descend.
Bonds between student and teacher
Are broken and abruptly end.
A gloom and sadness come o'er me,
A mingling of joy and pain.
Laughter and sunshine abided;
Now clouds over shadow with rain.
Come, banish these gloomy feelings
And strive for ideals more sublime.
Think of your friends and of your teachers—
Sweet memories out-living all time.
Then use the talents given you
In worthy tasks of your choice,
Following and praising the guidance
A teacher gave through earnest voice.

Lapel High

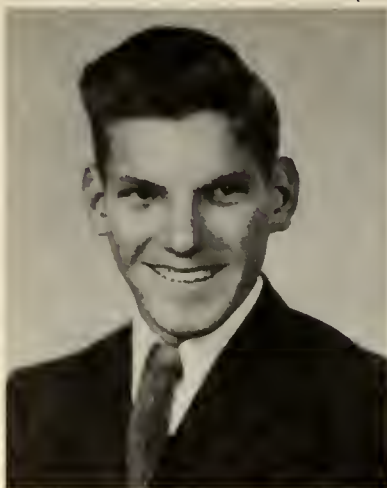

Weeks passed by; months swiftly went;
Seasons came; four years were spent;
Through those times we studied long,
Learning the right, correcting wrong.
Now we leave, but life we'll face
Using knowledge gained from this place.
As we from Lapel High now depart,
We say from the depths of each greatful heart,

“Thanks for joys you ever bring;
“Thanks,” we add, “for everything.”

Someday we'll realize your worth,
Thou dearest school on all the earth.

BAND

Miss Evelyn Hovermale has been the very capable director of the band for the past two years. Under the leadership of Miss Hovermale the band has marched at numerous ball games and has worked out many spectacular floor maneuvers. The band gave a concert on November 10, 1944. This was enjoyed by many of the parents, students and faculty. The band has also participated at many of the pep sessions:

"Swing Band"

This "rip roarin'" swing band of Lapel High School, which consists of the eight senior girls, who are members of the band, was the biggest hit of the season. The three featured clarinets are "something out of this world", Sinie, LuLu, Jo. We also have one good "Trombonist" played by "Jinx" Faulkenberg — when she makes a run on the trombone you want to run also. Our "trumpeter" Bodie, recently received a summons from Walt Disney, to make the sound effects for Donald Duck. That mellow saxophone played by "A. C." (Arlene) is determined to out blow any cow in the country. Miss Mony Foust (alias, "Ivory Picker") composes some of the most undreamable nocturnes in swung music (confidentially, usually no one would want to think of the ones she does.) Last and loudest of all is that exquisite and peppy beater, "Annie, the drummer." She beats out rhythm that even the natives of Africa couldn't resist.

The majorettes have worked together for two years . . . some have been in longer. They have worked out some very nice routines in these past years. "Annie" is graduating this year after being drum majorette for four years. She will be greatly missed by the band.

A Bold Front

The operetta was presented March 7, 1945 by the Lapel High School Band. It was a musical comedy in two acts. The colored porter helped make it comical, but then there was the prissy old maid too, and don't forget John Westly Roberts, the rich young man and Joe Reynolds, who was putting on the "bold front" and finally talked Sally into marrying him. Also there was Mrs. Pembroke, always worrying about Sally, and Mr. Pembroke always worrying about business. Mr Webster the "mad man" and his soothing wife also added to the comedy part of the play.

It all took place in the lobby of a summer time Beach Club in Southern California.

There was a good attendance and it was really a great success.

Sunshine History

September

The Sunshine Society held its first meeting in September, at that time preparations were made for rough initiation which was held later in the month.

October

A beautiful formal initiation of all new members was held in the Methodist Church with Pauline Thomas as the speaker. A Halloween Dance was sponsored by the society in the high school gymnasium.

November

To make money for the organization the Junior members raffled two turkeys. The Sophomore girls made paraffine Christmas stars to sell. The Freshmen collected used clothing to send to Kentucky.

December

The club was quite busy in this month making rag dolls for Riley Hospital and several books were donated for this purpose. Small paper christmas trees were sold to raise our Riley Fund contribution. The club held another dance after the Markleville game but the basketball players couldn't attend. Practically all money taken on ticket sales from the dances was used to pay for an orchestra for the enjoyment of all. Senior girls presented a special Christmas program.

January

Mrs. Earle Cascadden was the speaker at our regular meeting for this month.

A group of entertaining scrapbooks was composed and sent to the boys at Billings Hospital, Indianapolis.

February

A Sweetheart Dance was held in the gymnasium so that the basketball boys could attend before the Sectional proceedings.

March

The mother and daughter banquet was held at the Methodist Church. State Dean of Sunshine Society, Mrs. Sandefur, was our after dinner speaker.

April

The Sunshine Society sponsored its final dance for the year. A Spring dance held in the gym. The new officers for the year of 45-46 were installed.

We feel that we have had a very busy and successful year and are also proud of the fact that we have 100% enrollment.

as some would like to make it;
Tho whether good, or whether bad,
depends on how we take it.

J. Woodward awakened in the ninth period assembly, prepared to hit, who he thought to be a classmate, but much to his surprize, found it to be M. Wooden.

Scene: Ted Williams had just crashed into another car in Anderson.
Ted: Are you all right Bill?
Bill: Yes, but it jarred me so much i thought I was in love.

Army: (In Geometry Class) What is a poiygon?

J. Graham: A dead parrot.

Boy Friend: Do you know that kissing is the language of love?

Marianne W.: Well, don’t just stand there, say something.

Senior Class Will

We, the Senior Class, will to all our teachers in these past twelve years, our written confession that maybe they did know a "little" more than we did.

Our sponsors, Mr. Walker and Mrs. Huntzinger, good luck with the 1946 seniors.

To our sponsors, Mr. Walker and Mrs. Huntzinger, reducing diets and exercises.

Our sponsors, Mr. Walker and Mrs. Huntzinger, to a class wanting good help.

Montgomery batting .276 and Breece .258. Breece enlisted in the U. S. Maritime Service and is now serving in Brooklyn, New York.

Basketball

Victory Jug

The "Victory Jug" started for more than just Victory, but that is getting ahead of our story. The above photo shows the "Victory Jug" which was presented first to Markleville, winner this year of the Annual Pendleton Invitational Tourney. They lost the jug to Pendleton in a regularly scheduled game later in the season, who is now making room for it among their trophies.

The checkerboard arrangement under each name is for the date of the year in which each team wins the trophy, when one team has won it 7 times the jug is their's to keep.

SECTIONAL TOURNAMENT

		Lapel	31	46	Anderson	(Finals)

Orville "Army" Armstrong has coached the Lapel Bulldogs through a succesful season winning 13 of 23 games. He has been at Lapel since 1940 and has been doing a good job, producing good ball clubs. "Nice coaching, Army".

"Ted" Williams was one of the most consistant players of the year. He was not outstanding offensively just 89 points, but what a power he was defensively. Ted is a senior and will be missed very much next year.. "Some boy, Williams".

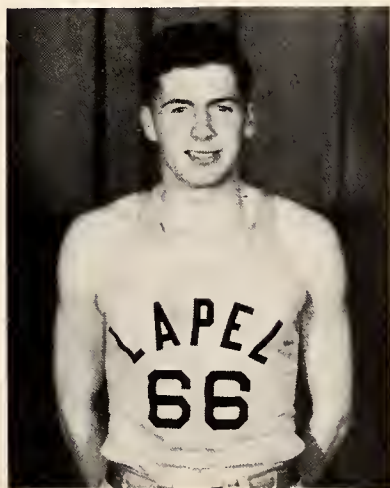

"Bill" Upton gained his position on the "starting" five by perseverance and he held it with determination. His habit of playing every game "to the limit" brought unsought and even unknown praise—it will be an inspiration particularly to underclassmen. Bill scored a total of 158 points and was 2nd in foul shooting. "Nice going, Bill".

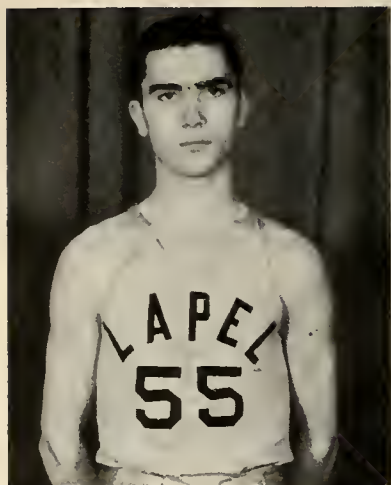

Dick Williams was promoted this year from the position of statistician to student manager of the team. He was right hand man to "Army", and always ready when the time came for the team to go. We are glad that he will be here to take care of the fellows next year.

"Bud" Reddick was the leading scorer this year with a total of 188 points and first in free throw shooting. Reddick was known for his one handed heart thrilling shots. He is a senior and his valuable work will be greatly missed next year. "Good Luck Bud".

"Bob" Land comes to Lapel as a Sophomore—but none are more loyal to the School than he! This year he was our outstanding "long-shot" — he certainly did drop them into the very bottom of the net. Bob scored a total of 137 points and tied for 4th place in the foul shooting. "Nice Work Bob".

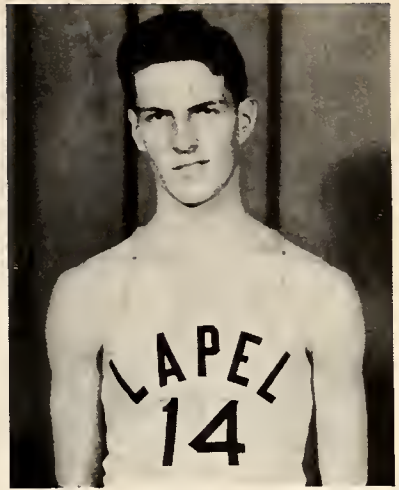

"Lefty" Woodward has been outstanding as a guard this season, and he also made a good showing on the score board with 95 points to his credit. He held 3rd place in his points from the charity line. A lot will be expected from him next year. "Keep fighting, Jim".

"Bruno" Troutman a substitute who could be called on for either guard or forward. He scored 78 points and was 6th in foul shooting. He is a Junior and will be back next year. "Get your steam up Jim".

Junior Montgomery a substitute guard was very dependable, therefore, called upon often. He made 9 points and hit 25% from the charity stripe. He is a Junior and will be around to see more action next year. "Let's go Mont."

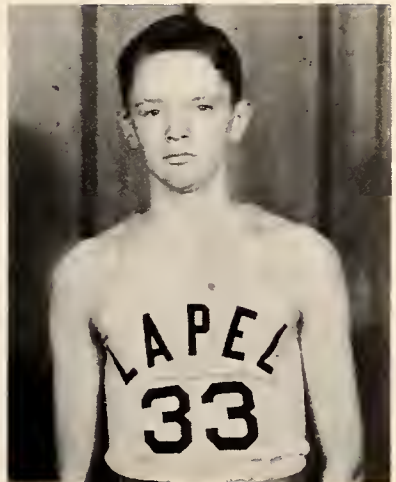

"Dave" Sylvester is a sophomore who could fill in at center or forward. Dave's height was very well used under the opposing bank board. He scored 4 points. Having two more years with the squad much is expected of him next year. "Keep going Dave."

"Halfred" Holloway, a junior upon. He scored 6 points and had a foul shooting average of 40%. Halfred will be back next year with that professional fake shot of his. "Keep faking Hal."

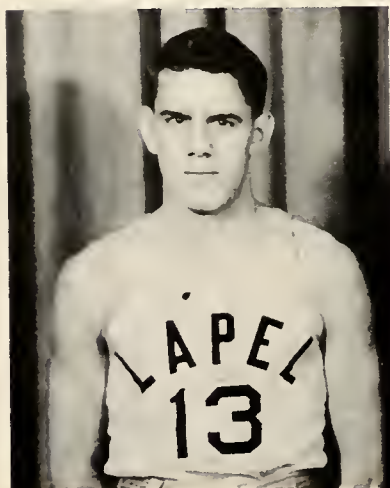

"Bob" Willson a sophomore who has two more years with the team, did some very good work offensively for the second team and some on the first team.

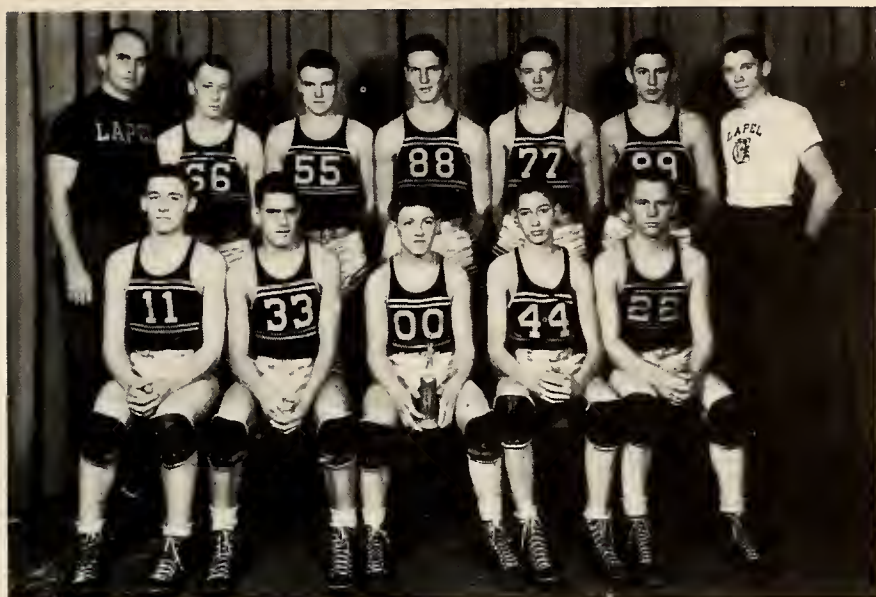

James "Jim" Graham, the present "dopster", has proven to be a good man to have around. He was always seen on the bench ready to take down all that happened, keeping track of the shots that were missed and those that were made. Sharpen that pencil for next year, Jim.

John Mattox the tallest boy on the squad this year being 6' 1". John scored 12 points and had a foul shooting average of 25%. He is only a Junior and very much will be expected of him next year. "Keep growing John.

"David" Huffman is a sophomore this year and was the starting "five" for the second team. David could fill a guard place very well. He will be with the team two more years.

Front Row: (left to right) Harry Hendricks, David Huffman, Ivan Lewis, Halfred Holloway, Donald Parker.
Back Row: Coach Armstrong, Keith Stinson, Robert Ford, David Sylvester, Robert Wilson, Dwight Anderson, Dick Williams, student manager.

Lapel H. S. Seconds

The second team has shown plenty of what it takes, winning fourteen out of their nineteen scheduled games. A lot is expected from them in the next two years.

EUGENE SYLVESTER F.D.R.'s NEW OPPONENT

Mr. Eugene Sylvester is running against Roosevelt, who is now confined to a wheel chair. This will be the seventh term for Roosevelt. It is doubtful whether or not he will live thru the election. Mr. Sylvester has held many titles and offices. He is now married to the Baroness Marianne Van Waymire of Buenos Aires. He is the present governor of New York State and has been a very successful one. Here's hoping we can move the Sylvester family into the White House.

NOTED EVANGELIST MARRIES IN AFRICA

Mr. and Mrs. William Snyder announce the marriage of their daughter, Kathleen to "Zambezi". He is a well known African Chief, who has studied in many countries, such as England, France, etc. (They were secretly married two years ago.) His parents died while he was young and the other natives cared for him. He is of the Mohammedan religion and she is a Christian.

They had a native ceremony and are expected to arrive soon by a "China Clipper". Both are faithful believers in each religion. Mr. and Mrs. Zambezi (he has no first name) will preach in the U. S. for two years, and then returned to Africa.

P. S. It is rumored that there will be a little "Zambezi" to accompany them home to Africa.

I.U. ELECTS YELL LEADERS '54-'55 SEASON

Roy Lee Eiler has been elected as one of the four I. U. Yell Leaders. The other three are Evelyn Paulsel of Evansville, Mary Lou Huntzinger, and Carolyn Renner of Fishersburgville, Indiana.

BAYS 2nd BOB HOPE

Bob Bays just signed a contract with Metro Goldwyn Mayer to act a comedian on tours all over the country. He has eaten so much lipstick since he came to Hollywood he has taken the screen name of "Lipstick Bobby Socks". We wonder what his childhood sweetheart thinks of this, yes, Marjorie Waymire.

ANDERSON 65, RETIRES

Mr. Anderson has waited 65 years to collect his social security so he could retire. He has been in almost constant bankruptcy since the last war. Since he had to pay for all those sailor uniforms he was always splitting. His red headed girl friend jilted him and he has the title of a bachelor. He does not expect to live long and his Will is made out to Glenn Connatt. It reads, "I will my size and shape to Glenn Connatt."

BEVERLY McDANIELS OUTSTANDING DEBATER VISITS AIR CORPS

Beverly hopes someday to be an aviatrix—go buzzing around the world with "hubby" and the many "Chillun" eating cherry pie and potatoe chips while "papa" reads to the little darlings.

P. S. She is now a housewife with seven children eating persimmon pie and cracklinga.

SECRETARY WEDS

Mr. and Mrs. Walter Denson announce the approaching marriage of their daughter Evelyn to Donald O'Connor of Hollywood. Miss Denson met her future husband in Florida where she went for her yearly vacation. Miss Denson is a secretary for Eleanor Roosevelt. Mr. O'Connor is in the U. S. Marines.

DORIS FULK, OWNER HOTEL LA DORRI PARIS, FRANCE

Doris Fulk, graduate of Lapel High School in the class of '45 has been abroad for quite a few years and has invested her money in a fashionable resort in Paris, France. She has invited all former members of her class to come to Paris for their summer vacation, expenses paid by Doris — my, what a treat! Miss Fulk was married to Charles Boyer but he has recently died.

MRS. HALL VISITS LAPEL AFTER NINE YEARS IN INGALLS

Mrs. Wm. Hall, formerly known as Miss Barbara Bodenhorn, who was the featured "trumpetist" with Harry James' organization for four years, is visiting relatives in Lapel. Mr. and Mrs. Hall have started an airport in Ingalls and it has made Ingalls a regular "boom town". They have been so busy they have not had time to fly from Ingalls to Lapel. Mrs. Hall's grandparents are having a dinner in honor of them this evening.

MULTI-MILLIONAIRE NEWTON, "SLAMS" SOCIETY

Mr. Newton used to live on a farm in Idaho, where his favorite food was pickled pig's feet until the day he invented the model airplane that brought him millions.

Many people have been trying to convince him to give to charity or missions, but he says that people are nothing but "gold diggers" and try to take advantage of an old man. Some people say that the only thing he will leave to charity will be his disposition. We shore pity the person who gets it. We shore do.

McCLINTICK OWNER PERKINSVILLE NIGHTCLUB

A new night club is being opened the twenty-first of this month. It will be owned and operated by Hazel McClintick. The featured attraction will be Joe Dye and his band with Bobby Land as the groaner. Miss McClintick was previously a cigarette girl at the "Stork Club" in Fishersbergville, Indiana.

MRS. WILLA UPPINGTON SOCIETY LEADER MARRIES AGAIN

Mrs. Uppington is said to have gotten her man by eating pickles and onions. She whistles after eating the sour pickles and then knocks the men out with her breath after eating onions. The tragedy was suffered by Mr. Justin Bays, from the green hills of Virginny. (He is also green.) She has liked old men and she sure got one this time. Miss Ardith Barkdull hopes to take over her job after Mrs. Uppington retires, (some job.) Let's hope she thinks of a better and more sane way in which to catch a man.

'54 JOCKEY RETURNS FROM WORLD TOUR

Mr. Halford Reddick II came home yesterday after visiting many interesting places. He has appeared before the King and Queen of Ragtown, Siberia. His hobby has been horses for many years. Many times the fragrance of the horses has asphixiated the queens and they had to retire a few days to their rooms. He frequently gets disgusted and confines himself to a cave, where he lives on beans, brussels sprouts and cornbread — good menu for a "hermit". He seems to care for women but they never seem to beg to go with him. For a "hermit" he does pretty well and my what a "line"!!!

ALICE GREEN AND HER FLYING MACHINE

Alice has always been mechanical minded — one day while out trying to catch a frog for her dinner, stumbled upon a way to fly to the South Pacific to see her "man" who married a South Sea Island Girl. Since he refuses to give her up Alice has given up the idea of being a house wife and is setting up a flying machine business for herself.

LOIS HALSEY BLEACHES HAIR BLOND

Determined not to be a red head any longer she has bleached her hair blond and is taking the once upon a time Betty Grable's place. She will next appear in "Legs and Blond Hair on Parade". She has decided that instead of remaining in the ministry she would rather be caught in the moonlight as a "Powers Model" eating strawberry shortcake????

LOCAL ARTIST GOES TO FRANCE

Mary Skiles, local artist will soon be on her way to France. There she will be a student of the famous French artist, Rembrant. She has always longed to be a well known artist. A few of her pictures have won national prizes. Mary also has two pictures for sale that will bring \$2,000 each.

Miss Skiles plans to visit Rome, Paris and London. Her stay will be quite long and her pictures will be greatly missed.

COURT NEWS

Mrs. Norman Bennett sues for divorce. Mr. Bennett doesn't wish to give in but probably will. What publicity won't do for a star like Elizabeth Betty Carmen Hutton Miranda Bennett. Mrs. Bennett is the champion Jitterbug of Lapel and the surrounding community.

HARLESS MANAGES LOCAL DOG POUND

Miss Kathleen Harless is now holding the position of president of the local Dog Pound Association. There are 728 dogs to be fed and cared for and maybe you think Miss Harless wouldn't appreciate help. Mr. Marvin Brattain assists her, and Mark Barcus also at intervals. Any dog or wolf caught out after eight o'clock is thrown in the local D.P.A. So, BEWARE OF KATHLEEN THE DOG CATCHER, YOU WOLVES and dogs.

RECKLESS DRIVER FINED \$3,000

"Ronnie" Lucas, or better known as "Lucky Luk" and his hell drivers were fined for reckless driving on the highway. This will probably mean 30 days in the "jug" for "Luk" and his followers. "Lucky Luk" has had 800 cars in the last eight years and claims to have 8,000,000 in the Bank and Insurance. Here's luck to you "Lucky Luk".

WILLIAMS, TEXAS GOV. TUMBLES AGAIN

Mr. Charles Theodore Williams has descended from his horse many times in the past few months. The only thing is that he goes up in the air about three feet and then lands on the ground. Maybe you would call that "Falling" from his horse. Some say that he may have to go to the next election in a wheel chair.

"Ted" is a very handsome brute and many of the Southern belles are quite attracted to him. President Sylvester recently ordered all horses from Governor William's ranch as a protective measure. We all hope the horses have no broken bones.

MARILYN FOUST SUCCEEDS EMILY POST

Miss Marilyn Foust, author of "Six Lessons on How to be A Lady", has taken over Emily Post's work since Emily doesn't get around much anymore. Miss Foust is known as the only woman in the world who makes her dogs eat at the table with silverware and out of china dishes.

She was planning on marrying "Wimpy" but he ate spoiled hamburger and died, so she is going to make a career of writing articles on table manners and advice to the lovelorn in the city newspapers.

CRITSER VOCALIST WITH ISH'S BAND

Arlene Critser formerly of Lapel has accepted a job with Ish-Ka-bibble's orchestra. She has been singing with the Metropolitan Opera Company.

BLASTS CHEMISTRY LABORATORY

While working on an experiment, Miss Farmer of Noblesville, mixed the wrong ingredients together and blew the entire south end of the Noblesville High School out. What remains of her is held in the county jail for "suspicion of sabotage."

FAUST, GETS LEAD IN SUPERMAN

Since Clark Kent passed away Jesse Faust is going to be the new Superman. He is lighter than air and he has no trouble flying.

Look up in the sky — It's a bird! It's a bat! It's Jesse!!!!

His ambitions were to fly planes between Berlin and London but instead he is a truck driver who lives on liver and onions and is also quite fond of brunettes.

SARAH LU FORD VISITS UNCLE IN DETROIT

Henry Ford who is not expected to live much longer has called his niece to his bedside to will her all his tight ropes and butterscotch sundaes. She is now a tight-rope walker with Ringling Bros. circus. She is married to a veteran of World War II—he was in three days and the war ended. Mr. Ford also willed her his recipe for mixing Fords and Mercurys together—successfully.

NEW "JINX" HITS HOLLYWOOD

A new Jinx Faulkenberg has taken over the old Jinx's place, who has recently passed away. Miss Faulkenberg is engaged to marry her childhood sweetheart. She first made her name famous by gaining title of "queen of the trombone" with Tommy Dorsey. Her first moving picture will be "The McKees Visit Washington". This is the best since "That Crazy Smith Family."

GREAT GAME HUNTER NEAL PAULSEL RETURNS FROM PERKINSVILLE JUNGLE

Many prize animals were brought back by "Pos" from the "Dense". His specialty of animals is skunks. Speaking of animals it is also rumored that he brought back other interesting things such as the "fairer" sex. Some consider him as the well know bigamist. He goes for "golls" in a big way. He also collects souvenirs as a hobby. You might say the native girls are souvenirs and then again you might not. As yet we have not decided.

We are very sorry to say that he has finally decided to retire to his old homestead in Hardscrabble, Indiana. He is to be employed there as a street cleaner. He also has a wife and thirteen lovely children.

SINGING STAR WITH JOE DYE'S SWING BAND

All the girls are swooning again! Yes, it's the echo—Bobby Land, the romantic singer of the time. He has very little competition at all—.

He is known for his draped pants, loud shirts, curly red hair and blue eyes. Just what you dream about. Now, appearing at the "Swoon Club" in downtown Lapel.

RUMANIAN DANCER LAVONNE SLOVIESK RETURNS TO AMERICA

Miss Lavonne Rambo has returned to the U. S. and is to be featured as a dancer and entertainer for the next six weeks at Durbin. From there she will go to Crazyville, California to teach dancing.

Many of her—shall we say hats ??? were designed by herself. Maybe that is the reason for that "dizzy" feeling when you look at her!!! So far we haven't decided.

AGRICULTURE LEADER GETS ADVANCED IDEAS

Mr. Wolfe (the name fits him perfectly) has perfected a way to milk cows that will shock the world.

The device is fixed so that the milk is transferred from the cow to this machine where it manufactures chocolate milk, and ice cream. We know it has to be fresh then.

A new plant is also one of his new concoctions. The Mexican jumping bean will answer "yes" or "no" to any questions he asks. They jump right out of the ground when planted unless they have a heavy object over them. More luck to "Willie" and his ideas.

NEW SENSATION JOINS XAVIER CUGAT'S BAND

Miss Delores Montez, the great Mexican hat dancer is the striking and popular person in his little clan now. She has pretty black hair and eyes.

She does the dance very well and has appeared in foreign countries. She has worn out many hats that way.

Many of the spectators say that Xavier has a twinkle in his eyes when he looks at Delores. He usually says, "I-yi-De-lores".

SCOTT CRITICIZED BY BOSTON UPPERCRUST

The Modern Clubs have as their representative Miss Jeanne Scott. They are trying to combine dancing, cooking, and hair styling into one good reason. (They think). Their motive is to attract men by their beautiful ??? hair styles. They usually stun the men and before they know it they're "hitched". (Poor suckers.)

Miss Scott, now a divorcee for the ninth time is competing with Tommy Manville. I wonder who will win this bout????

MATHEMATICS GENIUS APPEARS 'ON RADIO NEXT TWO YEARS

Miss Donna White will be the featured attraction on the "Correct Answers" program. She is a very vivacious individual and is commonly known to eat soup with numbers in it rather than the alphabet. They have said that in school she was very alert in her College Algebra classes and that that is where all her knowledge came from.

Last week one of the Quiz Kids disputed a statement she answered and much to her dismay he was right.

NEWEST INVENTION

Miss Joan Wyant, local old maid, goes her limit today. Miss Wyant is known to be an excellent cook. She is noted for her hot dishes of Chop Suey, Chili and Hot Tamales. Now she has invented a hotter dish. Spanish Meat Balls!! So everyone walks in the restaurant and yells, "one meat ball'!!! Miss Wyant is now famous.

It is rumored she wouldn't be an old maid very long. I guess one of those Spaniards loves her hot dishes.

EMINENT AVIATRIX SWOOPS OVER TOWN

Baroness Marianne Von Waymire has returned home after a long and enticing tour around the world. She has appeared before many kings and queens. She now makes as her residence Buenos Aires.

She has an odd way of carrying on her courtships. She and the fellow write their endeared words to each other by smoke rings from the plane.

It is expected that she and the "hopeful president" will wed in the near future. I guess she did those dives too much and it made "Gene" dizzy.

PERSONALITY CLUB ORGANIZED BY DALE CARNEGIE PROTEGEE

Miss Wakefield of the New York "Upsnoot" society recently developed an organization for the young ladies. This club is to be different than most of the past ones.

Charlotte has perfected an idea or plan in which the men will run after the girls rather than vice versa. So far it has worked very well. Sometimes the girls call themselves the "Pied Pipers".

Miss Wakefield is the most popular of them all. She has what it takes.

ESTABLISH BUSINESS IN BOSTON

Monsieur Upton has done so well as a beautician that he has been able to transfer his unexcelled business to this well known and aristocratic city.

Many of his hair styles have been so striking that it has caused many divorces. The women often have their hair washed three times a week, just to see the Monsieur Upton.

ENROLLS IN CIRCUS

Miss Turner married Mr. Beatty who is a lion trainer. She has decided to feed little elephants. She treats them as her own.

She has invented a new sort of bottle that enables the "little cuties" to eat better. She hopes to get a patent on this very soon.

WANDA SINDERS OPENS SLEUTHING AGENCY IN MAIN STREET OF MORONVILLE, KY.

Many of her victims are something to be pitied because of the way she tortures them. She thinks of the most ghastly methods of "making them talk". Her favorite method is blinking her eye lashes on their nose almost tickling them to death. She usually gets her men both for business and pleasure.

"Sinle" her nickname in her high school year could never get a boy friend so she decided on a profession to get them one way or another. (Well, you can't say she's not smart.)
